

# Chicken anti-rhCC10, IgY

## Description

---

Chicken polyclonal anti-human CC10 antibody, IgY

## Specifications

---

Purification	Protein G
Antigen	Recombinant human CC10 protein ("rhCC10") homodimer
Quantity	100 micrograms
Formulation	1mg/ml in PBS
Recommended dilution	1:2000 – 1:2500
Cross reactivity	Human CC10, Chimpanzee CC10
Applications	ELISA, Western blot

## Storage

---

Storage                      Store at -20 or -80 °C until use; Avoid multiple freeze-thaw cycles.
