Rabbit anti-rbUG/CC10, IgG

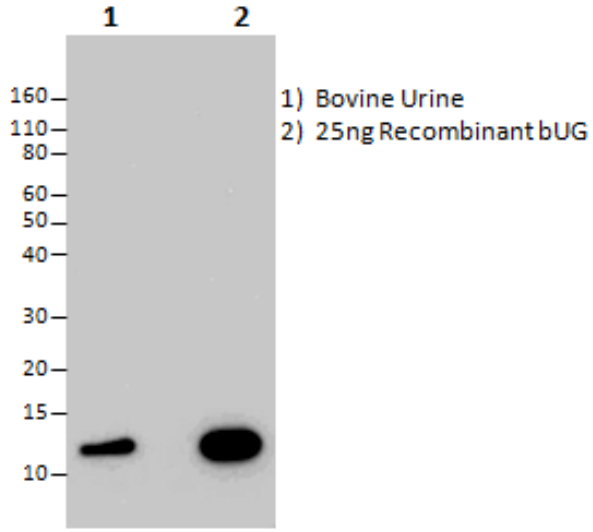
Description

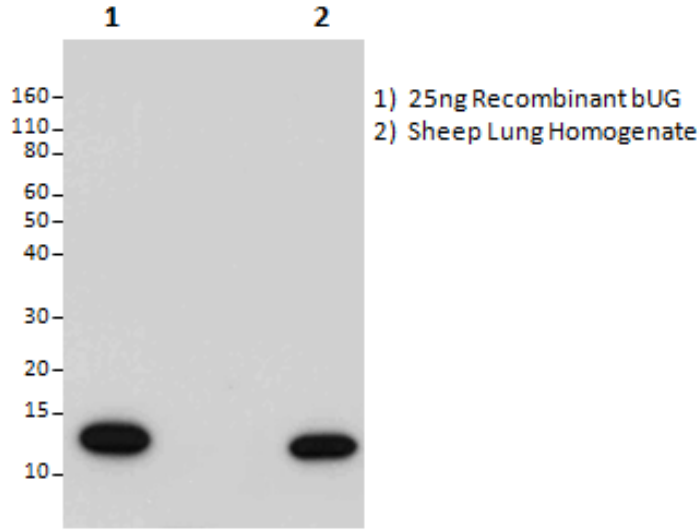
Rabbit polyclonal anti-recombinant bovine Uteroglobin/CC10 antibody, IgG

Specifications

Purification	Protein A
Antigen	Recombinant bovine UG/CC10 protein homodimer
Quantity	50 micrograms
Formulation	1mg/ml in PBS
Recommended dilution	1:200 – 1:2000
Cross reactivity	Bovine UG/CC10, Ovine (sheep) UG/CC10
Applications	Western blot, ELISA

Storage

Storage	Store at -20 or -80 °C until use; Avoid multiple freeze-thaw cycles.




Detection of non-reduced Bovine and Sheep Uteroglobin by Western blot using rabbit anti-bUG antibody diluted 1:2000.
